Minecraft server list - best server, best server, best server . That has been my opinion for a long time and of course you can come to the Netherlands and we had a good server, but to be honest we all know, that when the server crashes or the server is not free to play, you're screwed so you have to do something else. But now, since 1.7.2 you can trade with other people using tradable item packs. And I'm actually happy about this update. Because I think it makes the game a lot less frustrating. In fact, I do not even play the game anymore if I can't trade with other people. So in conclusion, this update is awesome and I'm really happy that it's here. That is to say, the new update is called 1.7.2 and it introduces tradable item packs.
